Allowable Subject Matter

Claims 2, 3, 5, 11-13 and 17-19 are allowed.

The following is an examiner's statement of reasons for allowance: the claims are directed toward a tubular fuel cell. The prior art does not teach or suggest the fuel cell of claim 2 or claim 13. Zwick (4,499,663) does not explicitly teach the tubular casing comprises high polymer solid electrolytic material surrounding the pair of gas diffusion electrodes. Furthermore, Zwick does not teach or suggest the fuel gas passage and the oxidizing gas passage each have an entrance at a first common plane wherein the entrance of the fuel gas passage is separate and distinct from the entrance of the oxidizing gas passage. As shown in Figure 1 of Zwick, the fuel gas enters the fuel gas passage on the left side of the fuel cell and the oxidant gas enters the oxidizing gas passage on the right side of the fuel cell.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tracy Dove whose telephone number is 571-272-1285. The examiner can normally be reached on Monday-Thursday (9:00-7:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Pat Ryan can be reached on 571-272-1292. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Application/Control Number: 09/850,203
